APRIL 2019 NEWSLETTER

April is finally here. Spring is also here, which means the spring thaw is beginning. It may bring more flooding. CNEDD is still keeping updated on the latest disaster relief assistance news and we will continue to provide you the information that we receive.

April is also national "Keep America Beautiful" month. You will see many different posts about how we can work together to beautify America, and ultimately, the world. It's also a great time to work together and beautify your communities. Send us your pictures and stories!

Difficult things take a long time, impossible things a little longer.

Disaster Relief Updates

As of right now, there is nothing new to report. We continue to work diligently on staying up to date on the latest news, and, in turn, keep you updated as well. Right now, we just wanted to take the time to take this opportunity to thank you. Thank you for pulling together in this rough time. We know how difficult it has been for so many, and we are going to be with you every step of the way. With confidence, I can say we at CNEDD have been one of the most active districts from the onset and we will not slow down yet. So, stick with us and keep being Nebraska Strong.

Fair Housing Month

I had the pleasure of speaking with the students at Stuart High School about fair housing. It's very important to educate students about their rights and responsibilities before they get out on their own, otherwise they may end up making mistakes that could have been easily avoided. After showing them a video on rent contracts, we talked about the Fair Housing Act and how it affects them. Then they had questions. The Stuart students are very forward thinkers and asked great questions. I am confident that these high schoolers are well prepared to tackle whatever comes their way. If you would like me to come speak at your school, give me a call! Judy Petersen, 402-340-0106
