JANUARY 2022 NEWSLETTER

We hope you all had a great start to 2022! It has been a very busy month for us at CNEDD. There are a lot of different projects happening, and it feels like all seven of us are going different directions, but it's all for you and your communities!

With that in mind, we want to hear from you! Below you will read about some possible projects for community improvements. So, when we come to your community and county meetings, let us know what projects you are interested in pursuing, or if there is anything you would really like to see happen! There are no projects too small!

See you soon!

Searching for Funds to Make Community Improvements?

CNEDD is preparing for this year's 2022 state and federal grant programs, which can provide funds to municipalities for:

- **Street Improvements**
- **Water/Sewer Improvements**
- **Downtown Revitalization**
- **Community Facilities**
- **Housing**
- **Planning**
- **Tourism**

Many changes in the application process have occurred over the last year, including the **reduction of matching funds requirements** for smaller communities.

CNEDD staff have the expertise to assist your community in preparing for and applying for grant funds that can make **vital improvements to your town** and generate resources to make your public funds go farther.

We will begin visiting with communities to find out what your needs are, but we invite you to give us a call to share what your needs are so we can get a jump start on the process. Please contact **Judy Petersen at 402-340-0106** or email judy.petersen@cnedd.org to schedule a visit with your community leaders.

We Will Put Our Heart and Soul Into Your Community Improvement Projects.

"January is the month for dreaming." - Jean Hersey
