

Arcadia Celebrates New Duplex

Over 50 people were in attendance at Arcadia's open house on July 23rd, to celebrate the community's new rental duplex, which is located at 215 E. Bridge Street. What began as a dream in 2015 to address Arcadia's need for housing to attract families, culminated in a celebration for the community and those who were involved with the project.

"The dedication of Arcadia's leadership and housing committee was tremendous", said Judy Petersen, with the Central Nebraska

Economic Development District. "We want to thank them for their hard work in expanding housing in the community. Also, we want to thank the Nebraska Department of Economic Development for their investment of grant dollars into the Arcadia duplex."

This spacious duplex features an open design including the living room, kitchen, dining area, 3 bedrooms, 2 baths, 1-stall garage, and a sprinkler system. The duplex units are ready to be leased, by contacting the Arcadia Village Office.
